Our Mission

Creating communication methods that open up new possibilities for people and our world

We aim to create a world that maximizes the potential of people, organizations, and societies, giving them the opportunity to shine. In such a world, every person can lead rich and contented lives, cooperating in harmonious freedom. This is why we will keep striving to create innovative, user-friendly communication methods that optimize the flow of information in our society.

Our Core Beliefs

Take the Initiative
Inspire Each Other
Respond to Society’s Needs

Re-connect X

("X" refers to everything)

As digital transformation (DX) drives advances in digitization, everything will be connected as data. Together with our customers and partners, we will pursue our Re-connect X business vision to ensure that all connections are safe, secure, and flexible.
The NTT Communications Group aims to realize a sustainable future. As Your Value Partner, we will take initiatives to overcome social challenges and drive the emergence of new value by creating a new way of communication that will open the door to possibilities for people and the world.

**Society**
Through the realization of a Smart World that connects society to the future, ICT transformation, and the promotion of advanced innovation, we will make efforts to resolve various social challenges, strive to co-create and drive the emergence of new value, and work toward a better future that is resilient, safe, secure, and capable of sustainable development.

**Environment**
Through initiatives to promote the use of ICT, which contributes to reducing environmental impact and thus achieving a decarbonized society and closed-loop economy, we will work toward the realization of a green future where society is carbon neutral, resources are recycled, and biodiversity is preserved.

**Human Resources**
By respecting human rights, promoting diversity and inclusion, and developing human resources, we will work toward a future where highly diverse people come together and everyone is given respect, inspires one another, and is able to demonstrate their ability in response to society’s needs.

**Governance**
Applying the high standards of our corporate ethics, we will thoroughly implement compliance and risk management, continuously strengthen information security, and enhance value chain partnerships. We will also strive to realize strong governance and the sustainable enhancement of corporate value to maintain public trust while working toward a future where co-creation leads to a sustainable society.
