

NTT Communications
Procurement & Billing Department

ISO14001 Environmental Policy

As an organization responsible for the procurement and billing of company-wide services at NTT Communications, we will work to improve the global environment by conducting business based on the following policies.

- (1) Reduction of environmental impact
- (2) Compliance with environmental laws and regulations
- (3) Continuous improvement of results

We value creativity and initiative in our activities.
Basic operation, small accumulation and continuity are important for implementation.
